Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not, alone or in combination, disclose two adjacent magnets arranged one behind the other in the direction of movement of an object and whose longitudinal axes, in the same way as the longitudinal axes of the coil, are oriented essentially at right angles to the movement direction of the object, and in that the reciprocating movement of a spring causes a polarity change in the magnetic field with respect to the coil.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
